BRUNCH AND THEATER PARTY WARM THE WINTER

Anne Hoffman '60

Join other Hunter High alums for great food and conversation at the Alumnae/i Association brunch on Sunday, February 7, from 12:15 to 3:00 p.m. at The Old Stand Restaurant, 914 Third Avenue (northwest corner of 55th Street). A cocktail of your choice is followed by salad (chef's; spinach, bacon and mushroom; Nicoise; tuna platter; or vegetarian), eggs (Benedict, Florentine, omelette), or deluxe burgers (plain, cheese, bacon cheese), and a beverage. The price is \$12. See coupon on page 7 for details, and mail your check today to the Alumnae/i Association office. At our brunch last year at Border Café West, seven women from the class of 1957 had a milestone reunion planning meeting. This brunch would be an ideal opportunity for milestone classes (years ending in "3" and "8") to get together.

"Let the Sunshine In" and warm the winter chill, enter the age of "Aquarius" at our theater party on Saturday, February 20, at 8 p.m. The winter production of Hunter High's Musical Repertory Club will probably be *Hair*, an exuberant '60s celebration of peace, love and music. This very talented group of students has put on well-acted and sexy productions of *Kiss Me, Kate, Anything Goes*, and *Bye Bye Birdie* in recent years. Whatever their new show, we can expect a thoroughly enjoyable evening in the High School auditorium.

GOING TO PRESS!

Soon locating friends from Hunter High days will be as easy as turning a page. . . in the new *Hunter College High School Alumnae/i Association Directory*. To assure accuracy of the listings that will appear in the *Directory*, representatives of its publisher, Harris Publishing Co., Inc., have been telephoning graduates since early October to verify all the information on each individual: current name, residence address and phone number (if applicable). In the *Directory*, entries will appear alphabetically in one section, cross-referenced by class year, and listed by class year and geographical location in additional sections.

But that's not all. The editorial board of the Association has prepared an introductory section for the *Directory* containing historical information about Hunter High and its numerous locations, current information about the Association, and more than two dozen illustrations from our archives. You won't want to miss it!

And you needn't. You can reserve a copy of this comprehensive volume when a Harris representative phones to verify your information. Directories will be released in March; please allow up to four weeks for delivery. If you have a question about your order, or wish to place an order, please contact the publisher directly: Customer Service Department, Bernard C. Harris Publishing Co., Inc., 3 Barker Avenue, White Plains, NY 10601; 1-800-877-6554. If you have not received a data entry form from Harris, telephone the Alumnae/i Association office immediately. You won't want to be among the missing. **

GUEST EDITORIAL: CAN YOU?/YOU CAN GO HOME AGAIN

Peg Perrin '55

Reunion 1992 was great, with record numbers of graduates celebrating their Milestone Reunions. (See story on page 3.) Nevertheless, this year as in years past, alums were aware of absent classmates, not those kept away by graduations, weddings, and other plans that conflicted with the date, but those who stayed away, those who have never come to a Milestone Reunion. In spite of the pleasure reunion offers so many of us, for some it evokes a different feeling, one so strong that it prevents them from participating in an occasion that renews and restores us in unexpected ways. Perhaps you were among the missing.

In all of us, Reunions inspire anxiety as well as anticipation. Our awareness of the "Hunter student" part of our lives stimulates an immediate and excruciating, if unrealistic and inappropriate, process of self-assessment. The most equanimous among us glance for reassurance in physical and mental mirrors on the way to Reunion.

We missed those of you who didn't come. What's important about you for those of us who were looking forward to seeing you again is who you are and that you are.

We are vociferously proud of our high-achieving classmates. We are also deeply grateful for the won-

Dear Friends,

Our Alumnae/i Association is dear to us because it helps remind us of the academic richness and the close camaraderie of our teenage years. The Hunter experience was unique for each of us and is always appreciated with almost a sense of wonder. It is not surprising, therefore, that *now* we wish to do what we can to assure that this generation of teenage Hunterites has the best possible chance to explore and develop their giftedness!

The Association's role is to use its resources to support the High School's operations and activities in meeting current students' academic and social needs and to help keep the school viable. Your participation in the Alumnae/i Association has strengthened the school for a long time; please continue it. I hope that those who are not yet active members will also want to participate in our efforts to keep the high school alive and well, advancing with strength and flexibility into the 21st century.

I welcome you all to take part in the Association's committees and other activities—come to our Brunch, Theater Party, Poetry Readings, Reunion '93 on Sunday, May 23, and other alumnae/i and High School events you read about in *ALUMNOTES*. If you already have, you know the satisfaction of helping our school and enriching your own lives at the same time. If you haven't, join us, let us hear from you, keep in touch with your former school, and make room in your busy lives for additionally rewarding experiences with old and new Hunter friends.

I look forward enthusiastically to a year of exciting challenges and stimulation as I get to know a large number of you better. Together we shall work to keep Hunter one of the *best* schools in its category.

Cordially,

margaret Nichols

derful friendships that formed among intelligent, challenging, iconoclastic young people of all shapes, sizes, and colors who came together from all parts of the City and well beyond, by all manner of transportation, as students continue to do today. We shared a period of personal and intellectual growth unmatched in our later years. June '92 Commencement speaker Sara Tuttleton thanked her classmates for the six years they had spent together. "I am because we are; because we are, I am." These are the bonds we seek to renew each year. Reunion '93 is Sunday, May 23. Join us. Think of the pleasure you'll be giving others. **

GIFTS TO HUNTER HIGH

Peg Perrin '55

In addressing 1992 Reunion alumnae/i, Ira Marienhoff, chair of the Social Studies department, underscored the impact of gifts to Hunter High. His department benefits from a generous bequest from the estate of former Social Studies chair and long-time Hunter enthusiast, Dr. Helen Witmer. Administered by Mr. Marienhoff, the bequest provides latitude in supporting department projects and ensures student participation in a wide range of activities, including, for example, the prestigious annual Washington Seminar.

Aware of the increasing need of public schools for private support, Hunter alums have begun to respond generously to their alma mater. In large ways and modest ways, as class groups and individuals, they are returning something to Hunter in thanks for what they believe the High School gave them. Designated and undesignated class and personal gifts have gone to programs, departments, the Principal's textbook fund, the library, to name a few. Each gift benefits Hunter students and helps the school continue to serve them well.

Last school year, when the undesignated 1991 fund was divided and presented to several student publications and performing groups, the staff and student response was immediate and enthusiastic. Without the added funding, one or two of those publications could not have published.

The 1992 Reunion classes worked hard to offset the effect of City deficits. The golden anniversary class of June '42 was rounding out the last zero of a \$10,000 gift on Reunion Sunday. They asked that the money be used to replace and repair instruments for the school's music programs and to support programs for African-American Studies. The January '42 class directed its gift to the library, as did the class of '57, which donated \$900. Anita Springer '72 gave an unrestricted \$1000 gift to the high school. An unusual and long-lasting gift came from Eleanor Ullman Light, '49, who is establishing a Family Scholarship at Cornell University (also her alma mater) with preference given to a Hunter High student. Although our major fund raising for the school occurs at Reunion, at any point during the year an alum may drop us a note or remember unpaid dues and add a check for the school, too. It all accumulates.

So—thank you all. Your generosity helps protect mandated and non-mandated programs, curricular and extracurricular activities. It strengthens and helps to continue great Hunter traditions. *x*

READY, SET, GO — FOR REUNION '93

Vera Julia Gordon '47

Sunday, May 23, 1993, is an extra special day for members of Hunter High's Milestone Classes — those who graduated in years ending in "3" or "8." It's your day at the Alumnae/i Association's annual Reunion and Homecoming, and it's also the day for all alumnae/i, whatever their years of graduation, to come back and celebrate.

This is a time to renew friendships and catch up on the latest news of classmates—their careers, families, and current activities. Anthony Miserandino, Hunter High's principal, will tell us about the high school's programs, plans, and needs, and about current students' achievements. Faculty members will bring news of developments and projects in their departments, and today's students will show us glimpses of the ever-changing, ever-stable world of Hunter.

After a brief Association meeting, there will be a buffet luncheon, featuring an abundance of delicious food, where we can continue exchanging news with friends and chat with present and former faculty members.

May 23 may seem a long way off, but it really is not. Milestone class coordinators should start organizing their classmates now. Does everyone still have a copy of *Annals*? Does anyone know how to find those who remain among the missing? If you want to work on your class reunion, contact some classmates and see who else is available to work with you—a small group of two or three is most efficient. Classes of '53 and earlier, which had graduating classes in January and June, may choose to have separate or joint plans and coordinators; there are successful precedents for both approaches.

Class coordinators, please get in touch with me as soon as possible; I will be your resource and liaison person. The Alumnae/i Association provides coordinators with a class list and a set of mailing labels, and reimburses postage costs for your first mailing, as well as offering numerous suggestions and ideas. Classes, in turn, should provide name and address updates to keep the Association's data base current. Milestone class mailings should also ask that alums pay their Association dues and support Hunter High. It has become a tradition for Milestone classes to make a gift to the school, and the Association can tell class coordinators what is on Hunter High's "wish list."

For more information and brainstorming, class coordinators are urged to attend the Association's Winter Brunch (see story on page 1), with one coordinator per class a guest of the Alumnae/i Association. Milestoners who have not yet heard about their class'

The class of January 1953 will hold its 40th reunion in the winter and be part of the Alumnae/i Association's Homecoming Reunion on May 23. For more information, contact Ellen Mendel, 212-662-4193; Carol Podell Vinson, 718-624-4589; or Susan Roseno Fahrenholtz, 201-338-6588. We look forward to hearing from as many January '53 grads as possible—including any who started with our class but graduated early.

. . .

Alumna Betty A. Walker '50, an associate professor of counseling psychology at the University of Southern California, and Marilyn Mehr, an associate professor at the California School of Professional Psychology, have concluded a study of more than 1250 Hunter Campus Schools' graduates. Their book, The Courage to Achieve: Why America's Brightest Women Struggle to Fulfill Their Promise, was published in October by Simon & Schuster. The authors found that many bright women were held back by negative social expectations that cause a too-frequent denial of their abilities, which often leads to marked under-achievement. Their book provides a blueprint for women to recognize and make decisions at "critical choice points" in their lives via "active engagement."

IN MEMORIAM

Dr. Thelma B. DeGraff, Ph. D. in Greek and Latin from Columbia University, former head of the High School classical languages department, died on July 17. Dr. DeGraff headed the Department of Classics at Hunter College until retiring in 1970. Hunterites of the "compulsory Latin" generation remember her as a most effective and dedicated teacher. They may not know, however, that she was the first to translate into Latin, and publish, "America the Beautiful."

Tillie Corrigan '10, Hunter College '13, died in New York on August 15. She taught mathematics in New York City schools for many years.

Lucille Banner Harris '28 died in 1991.

Nettie Judels Greenfield '28 died in Rochester on November 15, 1991. At Hunter High she was G.O. Vice President and founder of the French magazine *Marianne*. She taught at HCHS from 1932-1939 and then at Forest Hills High School.

Camille Diniro, an administrator for the Hunter High admissions program, died in February.

Also recently deceased: Estelle Newof Wolf '11 of Brooklyn, New York; Ruth Rein Braham '34 of Somers, New York; Fannie Goldberg Gans of Scottsdale, Arizona; Miriam Silverman Streimer '43 of Westbury, New York.

Reunion '92 was a high for all who attended! The two fifty-year/post-Depression/World War II milestone classes, January and June 1942, celebrated around the weekend and joined the rest of the Alumnae/i in large numbers. The five-year class was pleased to be back on familiar ground. Milestoners in between, homecomers of distant and recent classes, and faculty members all enjoyed one another's company. The food was tasty and plentiful. Dr. Miserandino reported the state of the school healthy, despite the City's budget crisis. Ira Marienhoff and Barbara Miller, chairs of the Social Studies and English departments, respectively, expressed profound gratitude for Alumnae/i Association gifts and support (see Gifts, page 3) and described program innovations. And Revelation, a fivemember student singing group, opened and closed our annual meeting with joy and harmony.

The feelings elicited by Reunion '92 were well expressed by Ellen D. Bennett, '42, who wrote to thank the Alumnae/i Association in general and outgoing president Peg Perrin in particular "for all [she] said in [her] address to the assembled group. I, personally, appreciated it and I'm sure many others did, too. It was wonderful to see so many Alumnae and to remember, along with the rest, many happy times in high school."

You don't have to be a milestoner to attend a Hunter High reunion. You're certain to find someone you know, someone who knows you, and many people with whom you would enjoy talking every year. As you know, the Alumnae/i Association never rests on its laurels. Every Spring there's another Reunion, reaching more and more Milestoners, better than the ones before.

CALLING POETS AND WRITERS

Sheila Sisselman Schnee '59

Our Poetry Reading Series, which has earned a devoted following of readers and listeners alike, is expanding to include prose creative writing: short-short stories, articles, essays, and even brief book chapters. The next opportunity to read for an appreciative audience will be on Thursday, December 10, at 6 p.m. at the High School library.

Listeners and fellow readers would welcome photocopies of your presentations to enjoy afterward, so please bring a dozen or more if you can. If you wish to read, whether verse or prose, or want more information, telephone Readings Coordinator Sheila Sisselman Schnee at 201-437-2415, afternoons and evenings (no machine, so keep trying). Listeners as well as reading writers are most welcome. **X

Bliss '64 had two books published last spring: Matthew's Meadow, an all-ages environmental fable (Harcourt Brace Jovanovich), and What We Save for Last, a collection of short stories (Milkweed Editions). She discovered that Milkweed's editor/publisher, Emilie BIX Buchwald, is Hunter '53, and they sang "Sarah Maria Jones" over the telephone!
